

Max Osipov

Over the course of my 9-year career, IHOA has provided me with opportunities to grow as an official and allowed me to give back in many ways. I have assisted in classroom and on-ice seminars, mentored new officials, and as an evaluator, I have helped our officials recognize their strengths and areas of improvement. I have also been fortunate enough to attend various camps and tournaments throughout the country.

Since the beginning of my officiating career in 2010, I have witnessed the positive strides IHOA has made to ensure that we are the one of the best associations not only in our district, but across all of USA Hockey. I am running for the IHOA Board of Directors so I can continue to give back to the organization that has helped me achieve such a successful career and to help IHOA become an even better organization.
